WORK EXPERIENCE

Accenture - Bengaluru

App Development Analyst   **2023 December - Present**

- Developed responsive, high-performance web applications using React JS.
- Designed and implemented accessibility features to enhance inclusivity and usability for diverse user groups.
- Mentored junior developers, providing technical guidance and fostering a collaborative learning environment.
- Actively contributed to Agile ceremonies, including sprint planning, daily stand-ups, and retrospectives, and collaborated closely with designers, product owners, and QA to ensure timely and quality releases.
- Independently built and maintained reusable and responsive UI components by ensuring seamless integration with various back-end systems and third-party services.
- Created and maintained comprehensive unit test cases using React Testing Library and Vitest.

Wipro Technologies - Chennai

Project Engineer   **2020 December - 2023 December**

- Developed robust and responsive web applications using React JS and Next JS ensuring optimal user experiences.
- Translated design concepts into visually appealing and user-friendly interfaces.
- Undertook performance optimization strategies to ensure the dashboard delivered a smooth and efficient user experience.
- Diagnosed and resolved complex application issues, ensuring uninterrupted performance and functionality.
- Contributed to team projects, both independently and collaboratively, achieving project milestones on time.
- Maintained excellent client communication and stakeholder engagement throughout project lifecycles, ensuring alignment with business goals and technical feasibility.
